

AVIATOR

THE CLASSIC FANS COMPANY

CRAFTING THE EXTRAORDINARY SINCE 1986

AVIATOR CLASSIC FANS CO.

Save Energy | Save The Planet

DESIGNERS & MANUFACTURERS OF SOLID TIMBER FANS SINCE 1986

Aviator, The Classic Fans Co. has been a company renowned for quality, reliability and master craftsmanship, with a focus on contributing towards protecting the global environment by designing and developing hand crafted solid timber energy saving, DC Inverter technology fans that saves 70% on energy, and contributes in sustaining the Global environment and climate change. In addition, all Aviator DC technology decorative fans are built according to the international and globally recognized IEC/CB Safety & Performance Standards. This is the World's No.1 safety system for all Aviator Decorative fans.

As a pioneer in designing, manufacturing, trading and exporting a wide range of traditional and classic fans that are hand crafted by professional craftsman since 1986, and a favorite amongst all Architects and Interior Designers Worldwide, using natural harvested Lab grown Paulownia wood that is under the global FSP Mark, is seasoned, tempered and carved by our very own master craftsman with decades of expertise in building quality fans.

Aviator Classic fans has been in use for decades, and widely used in some of the world's best hotels and resorts, residential villas and luxury apartments. The Aviator collection of fans are continuing to rotate in over 85 Countries across the World since 1986.

Aviator Classic fans are not only traditional with classic designs, but renowned as the most safest and best energy saving fans that are powered on Hi-Tech DC Inverter Technology Drive Motors. Over the years we have designed and invented the latest technology whereby all our fans are energy efficient, long lasting and most important they are equipped with the latest remote control technology and safety mechanism.

Aviator has been a manufacturer and exporter of quality ceiling fan products, apart from the company's own collection to offer, Aviator also is an exclusive exporter for a range of designer branded ceiling fans to Europe, USA, Far East, Asia, Africa and Middle East.

CLASSIC EDITION

Eco Design | Green Technology

75% Energy Saving

Blade Material – 100% ABS

Type – CLASS - 1

(Water Resistant)

Blade Size – 57" (1450)mm

Color – Walnut

Fan Motor 100% Pure Copper

DC Inverter Drive Technology

Input Voltage 220-240v/50Mhz

Motor Power 35 Watts DC

Automatic power controller

Motor Temperature detection

Safety Fall Steel Cable

Emergency Power Cut-Off Module

75% Energy Saving

Motor Housing Steel

Remote Controller & Timer

Fan Rods Customized

RPM 200 | CFM 9700

Warranty 3 Years on DC Motor

Meets IEC/CB 60335-2-80:

Safety & Performance Compliance

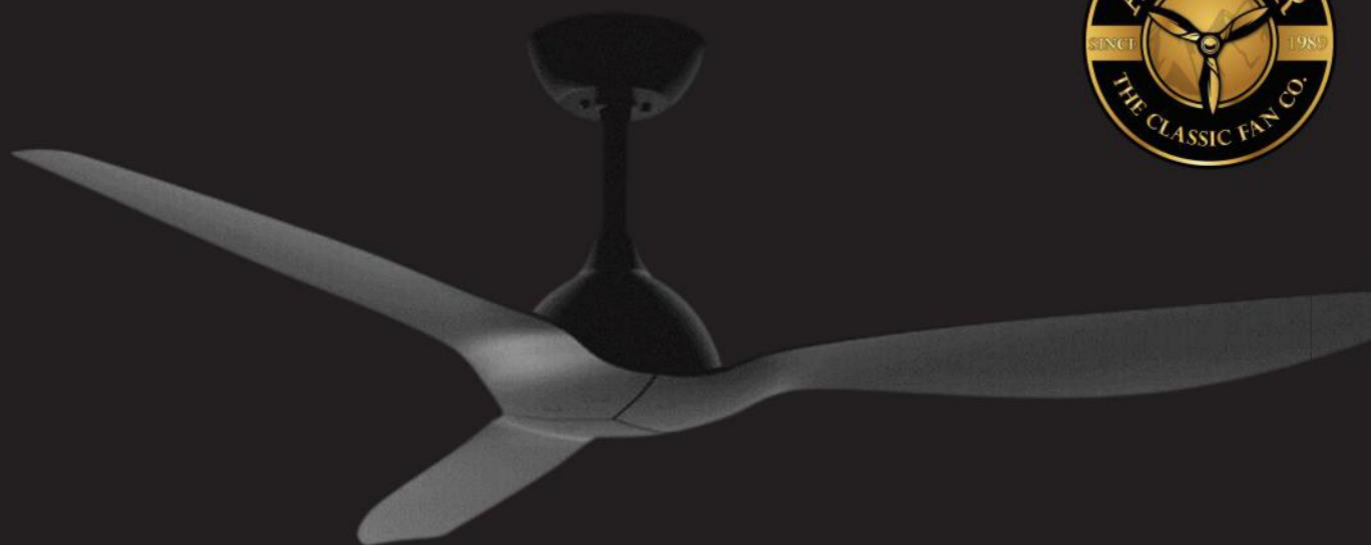

**PREMIUM
COLLECTION**
