Yaobo is not only a product, but also a philosophy of life. We are committed to creating such a space where people coexist harmoniously with nature and machinery.

We pursue a harmonious balance between humans and nature, integrating mechanical intelligence into it. Our original intention is people-oriented and nature-respected.

Driven by modern technology, we strive to find a resonance point between human life, nature, and machinery.

LEADER
Electronics

YAOBOUNIVERSAL IS A PROFESSIONAL MANUFACTURER AND EXPORTER OF CEILING FANS.

Our "quality first" attitude is combined with extensive research and development and professional production/assembly to provide high-quality ceiling fans to customers in the United States, Canada, Australia, Europe, Japan, South Asia, the Middle East, Africa, Taiwan, and other places. Our current annual production is 800000 units. After the renovation and expansion of the factory building, with nearly 20 years of industry experience and state-of-the-art production facilities, our company is expected to produce 1.2 (1.5) million fans annually in the future.

PARTIAL PRODUCT DISPLAY

DCF60301BW

52/60/70/88 inch

FAN FEATURES

Nature Mode

Solid Wood Blade

Energy-Saving DC Motor

6 Wind Speed

Forward Reverse

Damp Location

• Sturdy Structure

• Classical Design

MOTOR

Fan Wattage	38W	Number of blades	3
RPM	60-160	Energy cost (YEARLY)	\$7
Airflow High Speed(CFM)	6300	Airflow efficiency (CFM/W)	200

LIGHT KIT OPTIONAL

DCF60401BW

52/60 inch
